AUTHORIZED INDIA REPRESENTATION (AIR)

SHAMKRIS GLOBAL GROUP
GLOBAL BUSINESS. LOCAL SOLUTIONS.

Shamkris Global Group serves as the Authorized India Representative (AIR) for international companies, providing a legal presence in India and ensuring full regulatory, technical, and compliance support as required by Indian authorities such as CDSCO, BIS, and other regulatory bodies.

FOREIGN MANUFACTURER → AUTHORIZED INDIA REPRESENTATIVE (AIR) → REGULATORY AUTHORITIES (CDSCO, BIS, ETC.) → INDIAN MARKET ACCESS

1 OFFICE ADDRESS

- Provides an official registered business address in India for communication with Indian authorities.
- Used for license applications, product registration, and official correspondence.
- Acts as the legal Indian point of contact for the foreign manufacturer or exporter.

Purpose:
To establish a verified local presence, which is a mandatory requirement for many product categories under Indian law.

2 GOVERNMENT SUPPORT SERVICES

- Acts as a liaison between the foreign company and government departments such as CDSCO, BIS, FSSAI, and DGFT.
- Facilitates submission of documents, approvals, and renewals for regulatory compliance.
- Supports in resolving queries, audits, and inspections conducted by Indian authorities.

Purpose:
To ensure smooth coordination with Indian regulators and avoid procedural delays.

3 ENSURING COMPLIANCE

- Monitors compliance under Drugs & Cosmetics Act, Medical Device Rules, and Import/Export regulations.
- Maintains up-to-date records of licenses, renewals, and modifications.
- Ensures that all product activities align with current Indian laws and standards.

Purpose:
To protect both the manufacturer and importer from non-compliance risks and penalties.

4 MAINTAINING TECHNICAL DOCUMENTATION

- Responsible for collecting, maintaining, and updating all technical and regulatory files on behalf of the manufacturer.
- Includes product dossiers, test reports, certificates, labeling details, and post-market records.
- Ensures documentation readiness during regulatory reviews or audits.

Purpose:
To provide accurate, traceable, and up-to-date documentation required for license maintenance and renewals.

5 SERVICING BODIES & CUSTOMS AUTHORIZATION

- Coordinates with testing laboratories, notified bodies, and certification agencies for assessments and verifications.
- Provides assistance in customs clearance, import documentation, and coordination with port authorities.
- Manages import-related documentation as per DGFT and Customs regulations.

Purpose:
To ensure seamless import operations, product testing, and verification before market distribution.

6 MANAGING PRODUCT SAFETY INCIDENT REPORTING & REGULATORY INQUIRIES

- Handles adverse event reporting, recall procedures, and regulatory inquiries on behalf of the foreign manufacturer.
- Acts as the primary contact for Indian authorities in case of product complaints or safety investigations.
- Maintains transparency and timely communication to ensure public safety and regulatory compliance.

Purpose:
To manage risk effectively and maintain brand credibility in the Indian market.

Net Zero by 2070

01 RAPID & RESILIENT GDP GROWTH

- India is the world's 5th largest economy, with a nominal GDP exceeding USD 4 trillion (and over USD 13 trillion in PPP terms).
- The country maintains a steady growth rate of 6–7%, outperforming most developed economies.
- Despite global slowdowns, India's economy continues to demonstrate resilience, supported by strong domestic demand and a young workforce.

02 EXPANDING CONSUMER MARKET

- With a population exceeding 1.4 billion, India represents one of the largest and youngest consumer bases globally.
- The middle class is projected to reach 500 million by 2030, fueling demand for housing, retail, healthcare, technology, and lifestyle products.
- Rising disposable incomes and urbanization are driving consumption across Tier 1, Tier 2, and Tier 3 cities alike.

03 FAVORABLE INVESTMENT ENVIRONMENT

- Ranked among the top global destinations for FDI, with inflows exceeding USD 85 billion annually.
- Reforms such as "Make in India," "Startup India," and "Ease of Doing Business" have simplified processes and reduced regulatory barriers.
- India offers 100% FDI in several key sectors, including manufacturing, renewable energy, e-commerce, and logistics.

04 ROBUST INFRASTRUCTURE GROWTH

- Significant government investments in transport, logistics, ports, airports, and smart cities.
- Flagship projects like Bharatmala, Sagarmala, PM Gati Shakti, and Dedicated Freight Corridors are transforming India's connectivity landscape.
- Rapid urban development and digital infrastructure expansion enhance the business ecosystem for both domestic and global investors.

05 TECHNOLOGY & INNOVATION LEADERSHIP

- India is home to the world's 3rd largest startup ecosystem with 100+ unicorns across fintech, healthtech, edtech, and logistics.
- The Digital India initiative and UPI (Unified Payments Interface) revolution have made India a leader in financial technology and digital inclusion.
- Strong IT and R&D capabilities position India as a global innovation hub.

06 GLOBAL TRADE AND STRATEGIC ADVANTAGE

- Strategic location between Asia, the Middle East, and Africa provides access to major trade routes.
- Increasing exports in engineering goods, pharmaceuticals, textiles, and IT services contribute significantly to GDP.
- Participation in global trade agreements and regional partnerships strengthens India's export competitiveness.

07 FOCUS ON GREEN AND SUSTAINABLE GROWTH

- India targets 500 GW of renewable energy capacity by 2030 and net-zero carbon emissions by 2070.
- Strong policy support for solar, wind, and electric mobility sectors.
- Global recognition for initiatives promoting sustainable industrial and economic growth.

INTERNATIONAL TRADE AGREEMENTS (ITAs)

INVOLVING INDIA

India has entered into multiple trade agreements to facilitate cross-border business, reduce tariffs, and improve market access for exporters and importers. Understanding these agreements is crucial for businesses planning international trade.

1 INDIA–UAE CEPA
(Comprehensive Economic Partnership Agreement)

Signed in 2022

- Reduces or eliminates tariffs on goods, including key sectors like gems, textiles, and agriculture.
- Encourages collaboration in services, investment, and technology transfer.
- Provides Indian exporters easier access to the UAE market and vice versa.

2 INDIA–AUSTRALIA ECTA
(Economic Cooperation and Trade Agreement)

Signed in 2022

- Reduces tariffs on key exports such as agriculture, manufacturing, and minerals.
- Encourages investments, professional services, and skilled labor mobility.
- Creates opportunities for Indian companies to expand into Australian markets efficiently.

3 INDIA–ASEAN FTA
(Free Trade Agreement)

- Encompasses trade with 10 ASEAN countries, including Singapore, Malaysia, Thailand, and Indonesia.
- Reduces tariffs on a wide range of goods and services, boosting exports and imports.
- Supports joint ventures, technology transfer, and supply chain integration.
- Enhances India's participation in the Southeast Asian market, a fast-growing economic region.

4 ONGOING TRADE TALKS
with UK, EU, and Canada

- India is negotiating free trade agreements with major partners like the United Kingdom, European Union, and Canada.
- Aims to provide market access, tariff reduction, and regulatory alignment.
- Expected to open new opportunities for Indian exporters and foreign businesses seeking entry into India.
- Once concluded, these agreements will further simplify trade procedures and reduce barriers.

SUMMARY

India's participation in bilateral and multilateral trade agreements strengthens its position in the global market, facilitates cross-border business, and provides exporters with cost advantages, easier market access, and regulatory clarity. Leveraging these agreements is key to maximizing business opportunities.

- Lower Tariffs
- Better Market Access
- Stronger Partnerships
